

The Kendleshire

“GOLF IN A DAY” - a day for the golfer in the making

TYPICAL ITINERARY

9:15 > Meet your Professional

Our Academy Professionals will greet you with coffee and biscuits on arrival, and give you an introduction to the game, guiding you through the day's activities.

10:00 > Session One

Putting: *learn the technique of putting. You will be guided through the setup, putting stroke and how to read the greens. Our aim is to teach you to consistently two-putt when we play the par-3 course in the afternoon. Also through the day you will learn the rules and etiquette on each topic covered.*

Chipping: *learn the art of chipping, from the edge of the green. Learn the technique, what clubs to use and some useful practice drills.*

11:15 > Session Two

Pitching: *learn to pitch the ball high in the air to help you get close to the pin from around the green.*

12:30 > Lunch

Have lunch with the rest of your group in the clubhouse.

1:30 > Session Three

Bunkers: *learn to get your ball out of the bunker. The professionals will go through the setup and swing technique to help you lift that ball clear of the sand and onto the green. You will also get to learn a few bunker rules.*

2:30 > Session Four

Long game: *now we are thinking big! Learn the correct setup and swing to hit irons and woods, allowing you to generate distance from your shots.*

3:45 > Break

Including coffee, tea and cake.

4:00 > Session Five

On the course: *you will get to play in a new player championship on our 6-hole Academy Course. There will be prizes at stake, so put your best swing forward and put all that you have learned during the day to practice.*

If you organise a golf day, how many times have you invited someone - your best customer or client, for instance - only to find that they actually don't play golf?

How many times have you invited guests and their answer is that they only play once or twice per year?

Have you witnessed golfers coming off of the course having had a terrible round because they don't play enough?

Most people like to try something new and although golf can seem quite daunting to the non-player “Golf in a Day” is full of fun and gives everyone involved a sense of achievement. You might also end up with a client who will remember your invite forever more.

All of your guests arrive at the club and are welcomed together in the Clubhouse, whereupon the golfers go out to play the Championship Course and the non-golfers are introduced to the Professional staff.

The staff in our teaching Academy have put together a day schedule (shown left) that allows the ‘would like to be’ player as well as the part-time player the chance to experience a great day out and learn the basics of the game.

They also play in a tournament over our six-hole Academy Course at the end of the day to allow them to put into practice what they have learnt, before rejoining the golfers for your evening meal.

Throughout the course of the day your whole party (experienced golfers or otherwise) gets to make the most out of the Kendleshire, enjoy your hospitality and remember your day for a long time.

We also offer a modified programme to enable ‘Golf in half a day’. Please ask for more information.

“Golf in a day is the perfect answer to the likes of me, a complete beginner, wanting to take part with everyone else. And I must say I had so much fun!”

R. GUEST
